Picking up speed in continued digital transformation of Nordic – Baltic public sectors

Einar Gunnar Thoroddsen

Government of Iceland
Ministry of Finance and Economic Affairs

Our vision 2030

A **green** Nordic region

Together, we will promote a green transition of our societies and work towards carbon neutrality and a sustainable circular and bio-based economy.

The Nordic region will become the most sustainable and integrated region in the world

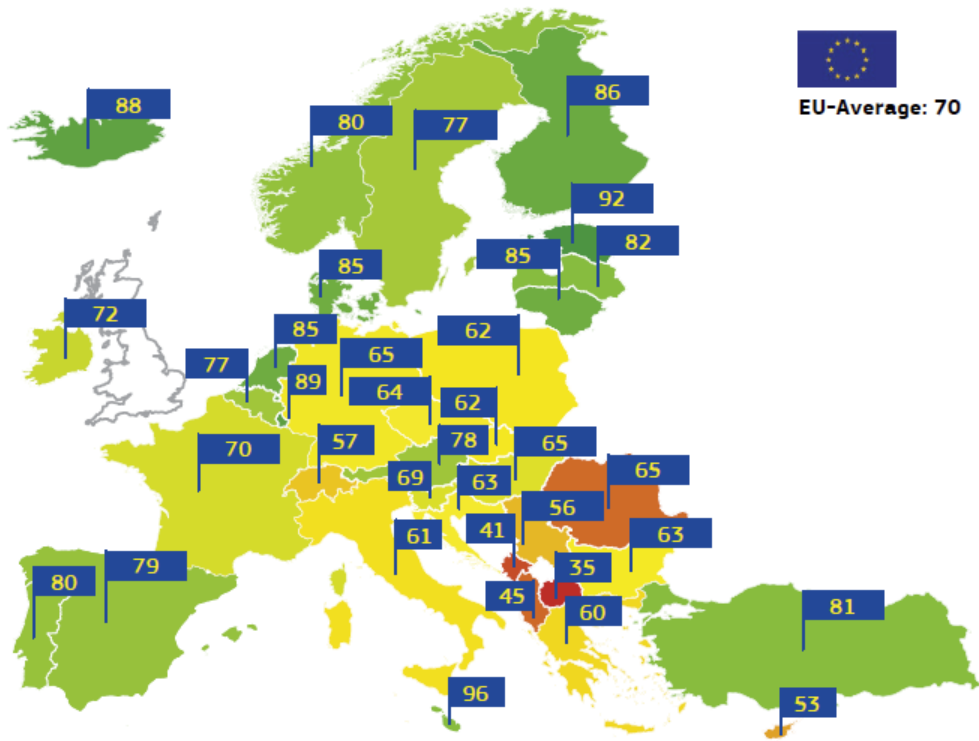

A **competitive** Nordic region

Together, we will promote green growth in the Nordic region based on knowledge, innovation, mobility and digital integration.

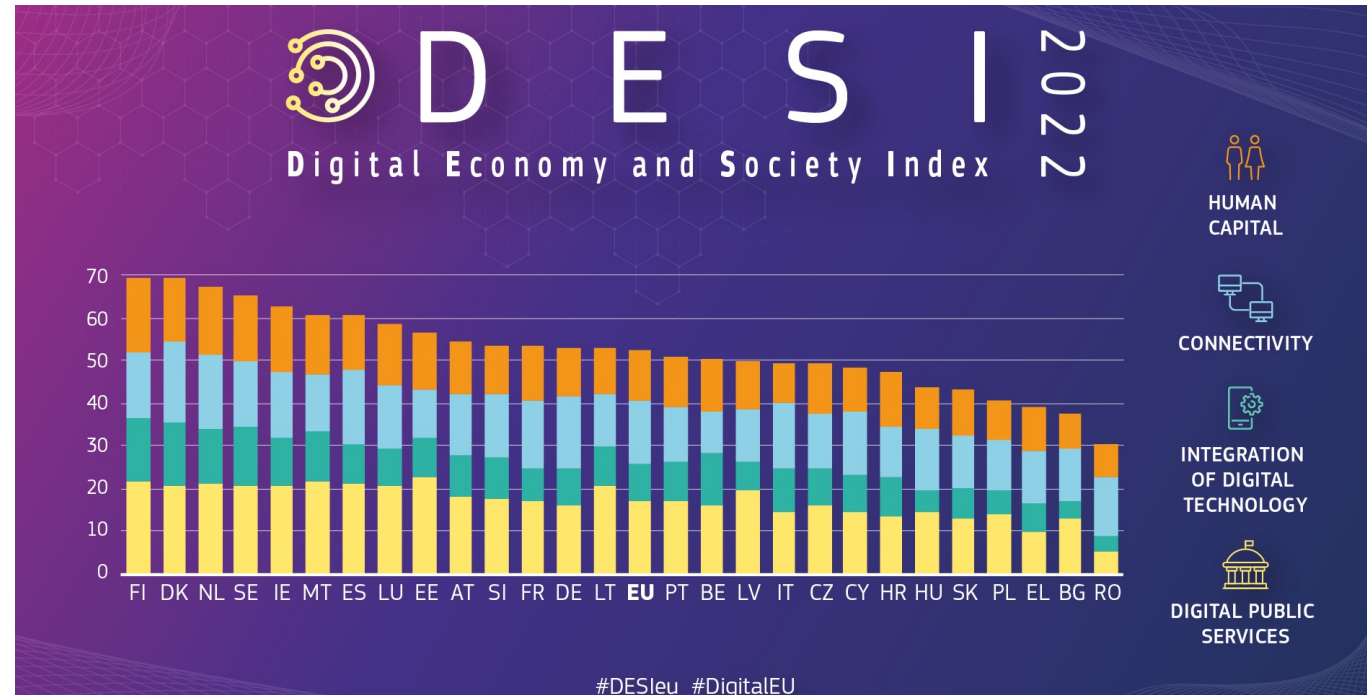

A **socially sustainable** Nordic region

Together, we will promote an inclusive, equal and interconnected region with shared values and strengthened cultural exchange and welfare.

eGovernment Benchmark 2023 Insight Report

Mature digital societies

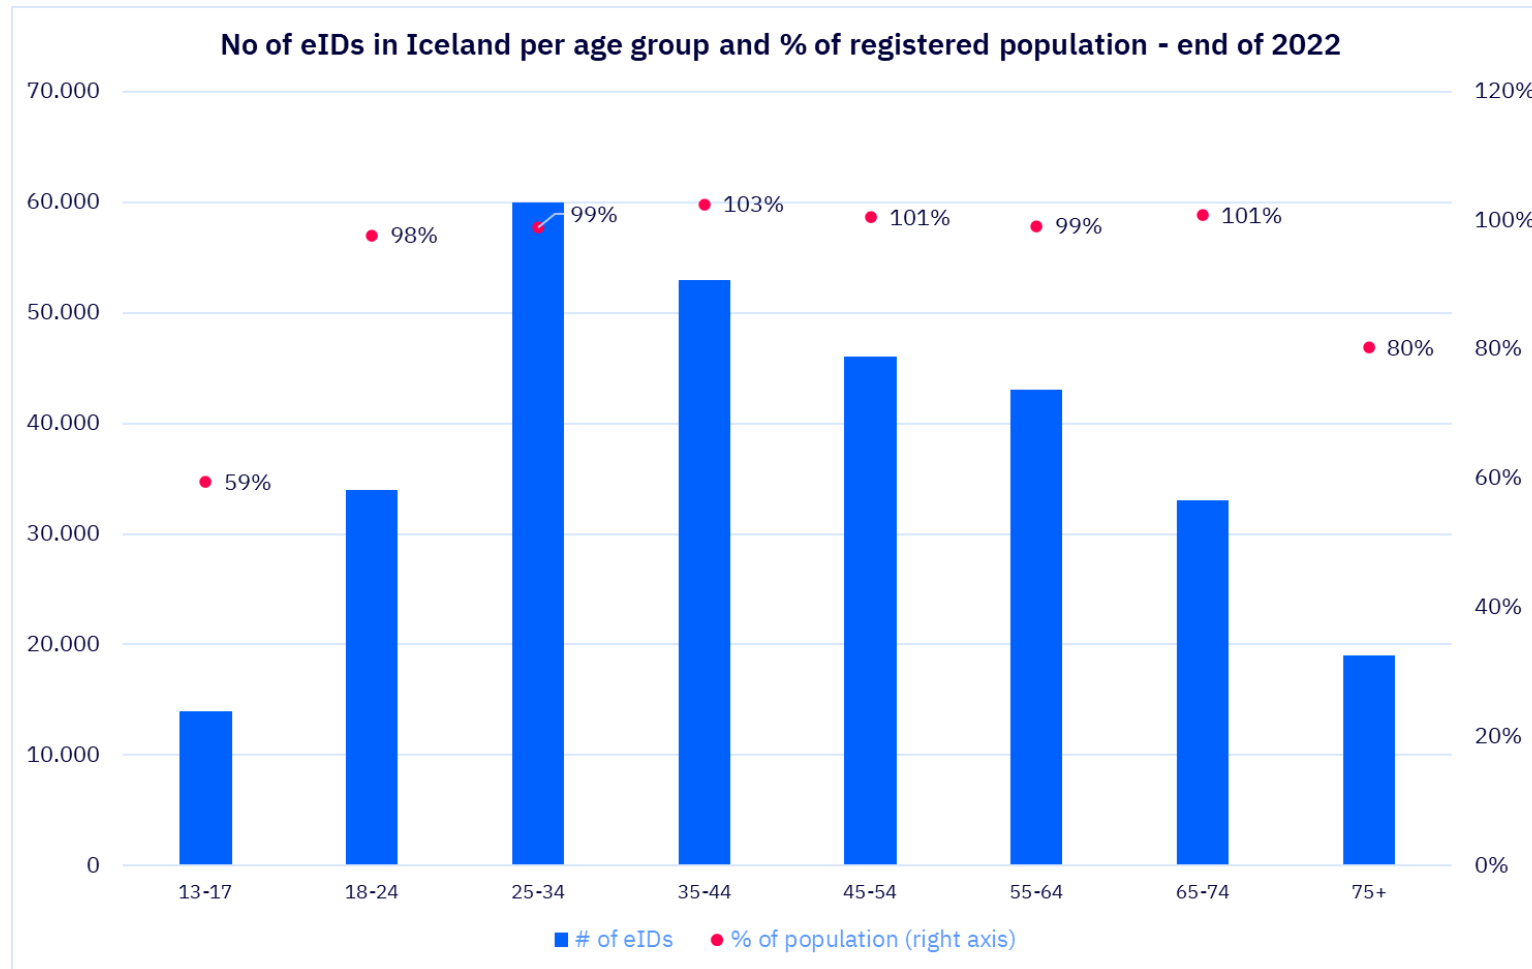

- Early **adoption** of digital technologies and development of key enablers
- Strong public sector data **centralized registries**
- Internet coverage and **connectivity**

- High usage of **government e-services**
- High adoption of **electronic identity schemes**

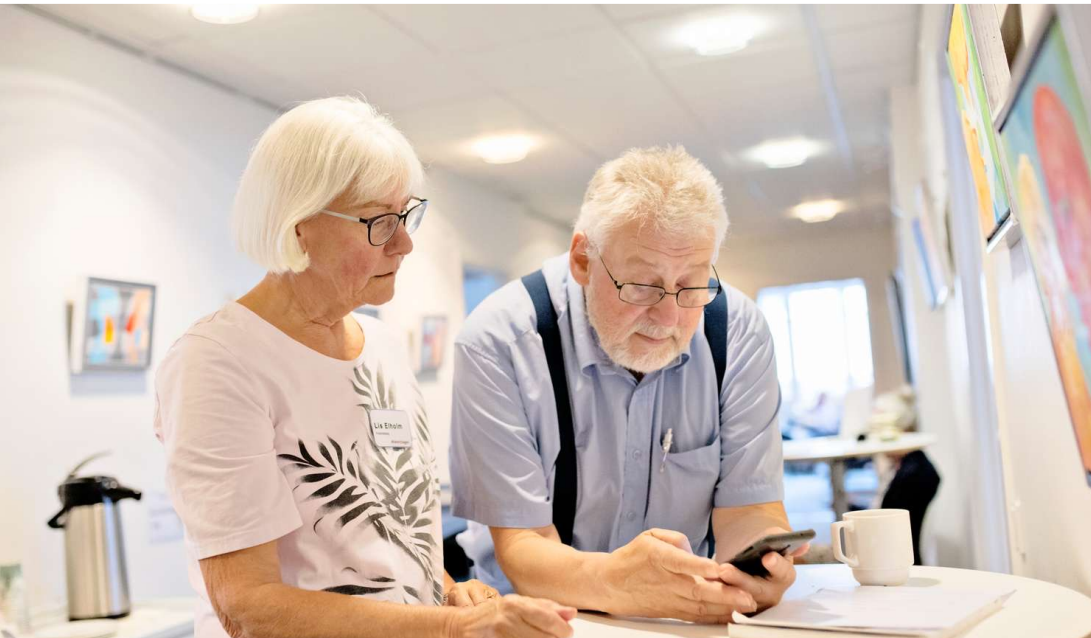

Widespread access and use of eIDs

Shared values and belief system

- Trust and openness
- Welfare and human centricity
- User centric and **life event** based public services

While...

- Many people live in one country and work in another
- Digital barriers to cross-border mobility remains to be tackled
- Many public services are still unable to accept a foreign eID-login
- Increased digitalisation risks excluding many people from participating

Foundation for Nordic-Baltic cooperation

- MR-DIGITAL founded under the NCM
- Ministerial Declaration, Digital North 2.0 (2020)
 - Increase mobility and integration by building a common area for cross-border digital services
- Creation of the Cross-Border Digital Services (CBDS) Programme
